

## **Relationship Summary**

We, HighTower Altium Holding, LLC, are registered with the U.S. Securities and Exchange Commission as an investment adviser. Brokerage and investment advisory services fees differ and it is important for you to understand the differences. Free and simple tools are available to research firms and financial professionals at <http://investor.gov/crs>, which also provides educational materials about broker-dealers, investment advisers and investing.

### **What investment services and advice can you provide me?**

Our firm offers investment advisory services, which are fully described in our Form ADV Part 2A (“Disclosure Brochure”). We offer a variety of advisory services, which include financial planning, consulting, administrative fixed income functions, family office and investment management services. As part of our standard services, we monitor investments that we manage on a continuous and ongoing basis. Financial planning and investment consulting recommendations are not actively monitored. There are no material limitations to our monitoring. We accept discretionary authority to implement the recommended transactions in client accounts. The level of discretion is determined in our agreement and there are no material limitations on the authority. We do not offer advice only with respect to proprietary products. We offer advice on various mutual funds, exchange-traded funds (“ETFs”), individual debt and equity securities, and independent investment managers all in accordance with your stated investment objectives. If you are eligible, we may recommend privately placed securities, which may include debt, equity and/or interests in pooled investment vehicles (e.g., hedge funds). Where appropriate, we will employ a fixed-income strategy that entails acquiring and managing a portfolio of individual fixed-income securities. Our services are subject to a minimum portfolio value of \$1,000,000.

**Additional information about our services can be found in Items 4, 5 and 7 of our Disclosure Brochure and available to all clients or by going here:** <https://adviserinfo.sec.gov/firm/summary/317691>

*Let’s discuss...Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

### **What fees will I pay?**

We offer services on a fee basis, which include fixed and/or hourly fees, as well as fees based upon assets under management or advisement depending on your engagement. For ongoing services, the annual fee is prorated and charged quarterly or monthly, in advance or in arrears depending on your engagement. For fixed services, the terms and conditions are set forth in your advisory agreement and we generally collect our fee upon the execution of the agreement or rendering of the services.

In addition to the advisory fees paid to us, you also incur certain charges imposed by other third parties, such as broker-dealers, custodians, etc. These additional charges include securities brokerage commissions, transaction fees, custodial fees, fees attributable to alternative assets, platform fees, reporting charges, margin costs, fees charged by independent managers, charges imposed directly by a mutual fund or ETF in a client’s account, as disclosed in the fund’s prospectus (e.g., fund management fees and other fund expenses), deferred sales charges, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees, and other fees and taxes on brokerage accounts and securities transactions.

The more assets there are in your advisory accounts, the more you will pay in fees, so the firm may therefore have an incentive to encourage you to increase the assets in your account or manage them in a way where we earn higher fees. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

**Additional information about our fees can be found in Item 5 of our Disclosure Brochure and available to all clients or by going here:** <https://adviserinfo.sec.gov/firm/summary/317691>

## **Relationship Summary**

*Let's discuss... Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

### **What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

*When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.*

- **Third-Party Payments:** While we do not receive compensation from third parties when we recommend investments, our supervised persons or affiliates can recommend insurance products in their individual capacities. Third-party insurance companies may provide certain of our supervised persons various incentives in addition to commissions in order to incentivize the placement of insurance products and services. A conflict of interest exists to the extent that we recommend the purchase of insurance products where our supervised persons receive these incentives, insurance commissions, and/or other additional compensation.

*Let's discuss... How might your conflicts of interest affect me, and how will you address them?*

**Additional information about our conflicts of interest can be found throughout our Disclosure Brochure and available to all clients or by going here: <https://adviserinfo.sec.gov/firm/summary/317691>**

### **How do your financial professionals make money?**

Our financial professionals are compensated based on the following factors and conflicts of interest:

- Revenue the firm earns from the financial professional's advisory services or recommendations. This results in an incentive to take steps to maximize revenue to the firm.
- The insurance product and its sales commissions. While this compensation is not earned as a financial professional of our firm, this compensation results in an incentive to sell certain insurance products.

**Additional information about our financial professionals can be found on their respective Form ADV Part 2 Brochure Supplements that you will be provided.**

### **Do you or your financial professionals have legal or disciplinary history?**

Yes, certain of our financial professionals have a disciplinary history. You can visit <http://investor.gov/crs> for a free and simple search tool to research us and our financial professionals.

*Let's discuss... As a financial professional, do you have any disciplinary history? For what type of conduct?*

### **Additional Information**

You can find additional information about our services on our website at <http://altiumwealth.com> and in our Disclosure Brochure. To request a copy of this Relationship Summary and any of our other disclosure documents referred to in this document, please email us at [info@altiumwealth.com](mailto:info@altiumwealth.com) or call us at (877) 780-0074.

*Let's discuss... Who is my primary contact person? Is he or she a representative of an investment adviser or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?*
